Program: Don't be a Statistic, Protect Yourself & Your Business from Financial Fraud

Program Speakers: Jan Sheridan and Jim R. Smith, Union Bank & Trust

Program: Fraud and identity theft is the number one white collar crime in the United States. For the victim, whether business or personal, these crimes can cost a great deal of time, effort, and possibly money in repairing the effects of a fraudster's actions. Jan and Jim will share a wealth of information and stories that will help you prevent or lessen the risk of fraud happening to you.

The majority of the program will be on business fraud exposure/protection, sharing current examples of what is happening right now under your nose in the industry. The second part of the program will focus on fraud and theft of personal information. The goal of the program is to quite honestly scare you into realizing the account exposure and bringing home what you can and need to do to protect yourself. You are not going to solve this problem or eliminate this "risk" by simply buying a product to protect against fraud. Fraud and risk management is dependent on owners, controllers and individuals actions and attention to details, all of which will be covered by Jim and Jan. Of course there will be plenty of time for questions.

Union Bank & Trust Co. is hosting the breakfast so there is **no charge**. However, we do need you to register by Monday, February 10. ***You are welcome to bring guests.***
