

## NEBRASKA BUILDING CHAPTER

THE ASSOCIATED GENERAL CONTRACTORS OF AMERICA

Quality People. Quality Projects.

### 9.5 Great Reasons to Join The Associated General Contractors Nebraska Building Chapter

1. **Legislative Advocacy** - We represent your interest with state government, regulatory agencies, and nationally through our national affiliation. We keep the elected officials informed on issues affecting you.
2. **Business Advocacy** - We will be your advocate in dealing with industry issues both in the state and out-of-state through our network of AGC Chapters across the country.
3. **Business Referrals** - Our office receives request several times each week for a list of our members doing work in particular areas. Chapter membership is a marketing plus.
4. **Consensus Minded** - Members take the position that working together and supporting strong business principles will lead to a strong construction economy in the state and region.
5. **Business Tools** - You will have 10 different tools to use in your business.
6. **Management/Professional Development** - You and your staff will have 9 opportunities per year to “polish” your skills.
7. **Future Workforce Development** - Your involvement in the chapter supports our 5 AGC Student Chapters across the state and our Construction Career Awareness Project just getting started in Middle Schools across the state.
8. **Marketing Plan to Brand and Image the AGC Members** - Your firm's name will be included as a firm that exhibits skill, integrity and responsibility to the client.
9. **Membership Involvement** - No less than 6 opportunities per year to come together with your colleagues in the construction and related industries to network and learn.
- 9.5. **Superb Value for Membership Dues** - All of the above and more, for less than a few dollars a day per management team member. You and your employees are worth every cent!
