Quality People. Quality Projects.

AGC
 NEBRASKA CHAPTER

CLASS: OSHA 30 Hour Hazard Awareness Class

Course Description: This course is designed for: Project owners, company owners, managers, estimators, engineers, supervisors and any other person with responsibility for safety on construction projects. Topics include OSHA "Focus Four" on the major hazards in the areas of Falls, Struck by, Caught In or Between and Electrical. Additional topics will include construction hazards responsible for the most frequent violations cited by OSHA. The objective of this OSHA 30 Hour Construction outreach Training Program is to provide management with information on recognizing and preventing hazards on a construction site. Upon successful completion of the 30 hour course you will be sent an OSHA 30 Hour Construction Card.
