

BEING A MEMBER COMES WITH GREAT BENEFITS

Advocacy:

- **Government Representation:** AGC of America, as well as the Building Chapter, devote major time and effort to represent your company and interests in legislation on a local, state and national level. The Executive Director, as your lobbyist, works all year on government relations, public affairs issues, advocacy and business legislation and regulation. You are fully represented.
- **Representation in Nebraska's Legislature:** From tax reform, to licensing laws, to public works, construction law and prompt payment, we represent your interests regarding issues that are important to your Industry.
- **PAC:** Through our spring golf outing and member donations, we've established and maintained a PAC to financially support state legislative candidates who support our industry and a positive business environment in the state.

Business Development: Inclusion in online member directories for the AGC Nebraska Building Chapter and AGC of America.

Chapter Events: Members have an opportunity to attend regional meetings, seminars and other events that feature industry experts and national speakers.

Excellence in Construction: Recognizing our outstanding members through a series of statewide awards and national competitions in various categories.

Governmental Issues: Supporting and representing the industry by tapping into local, regional and public agencies.

Legal Assistance: Members benefit from free consultations and educational programming by Woods & Aitken, LLC.

Legislative Services: Members are kept in the loop through legislative updates, alerts and other lobbying services during sessions.

Education/Training: We provide our members with multiple opportunities throughout the year to gain invaluable training and skill development. More information can be found on our website.

Workforce Development: The Building Chapter supports future industry leaders through project funds and scholarships at the post-secondary school level, as well as career awareness for grades K-12. We also support strategic workforce development efforts such as the Nebraska Construction Industry Council.

Membership Communication: Member awareness is one of our priorities as we communicate information through periodic e-updates.

Chapter Governance: Members have an opportunity to shape the association by becoming involved in one of the eight committees that guide the work of the Executive Director.

AGC of America Services: National membership is included with your Chapter membership fee, which provides access to AGCA's array of resources and current industry information. Members also receive a discount on programs and products, including ConsensusDOCS contracts and documents, products, services and resources.
