

AGC of America

ADVANCED SAFETY MANAGEMENT TRAINING COURSE

March 26-28, 2014

Omaha, Nebraska

This unique three-day course provides construction safety and health professionals with the next-level knowledge required to successfully manage a company-wide safety program.

Moving beyond the basics of Focus Four training, AGC's Advanced Safety Management Training Program will give participants a more holistic view of safety's role in project and company success, as well as advanced tactics and best practices for managing all aspects of a corporate safety program.

Participants will also focus on the importance of "selling" safety throughout the organization and methods to generate buy-in from different audiences.

Topics Covered Include:

- Managing a Field Safety Program
- Training Supervisors
- Recordkeeping Requirements and Best Practices
- Legal Aspects of Construction Safety
- Insurance and Risk Management
- How to Handle Multi-Employer Worksites
- Crisis Management Tactics

Registration:

\$1,195.00 (includes training materials, lunches and snacks)

Register Online at www.AGC.org/ASMTC

Who Should Attend:

Participants should have first-hand experience managing construction safety and health issues on either a project or corporate level and a working knowledge of OSHA Construction Standards. Successful completion of AGC's Safety Management Training Program or an equivalent construction-focused safety primer course is encouraged.

Prerequisite:

AGC's SMTC or equivalent. This course is tailored to safety professionals and company managers with a solid background in construction safety and OSHA Construction Standards.

What are Others Saying:

"Lots of valuable information presented. Made me think of things to improve, all the small nuances that have been missed"

"This course was very valuable to me in that almost every aspect of the course was immediately usable for my position. Presenters were great and material was very easy to follow and incorporate."

"I enjoyed class very much. I thought material was timely and explained well."

"I would highly recommend this course to others in my field."

"Great presentation of materials and good training material. Appreciate the awesome networking opportunities and getting the input of experiences from other construction companies."
