PEOPLE AND RESULTS YOU CAN COUNT ON.

Fucinaro Excavating and Conreco

Fucinaro Excavating Co. Inc., in our 57th year of business, is continuing as a full service excavating contractor ready to perform on commercial, industrial, or highway projects. We are family owned, operated, and supervised, and have a complete line of earthmoving equipment and trucks at your disposal. Let our experienced staff move the earth on your next Omaha area project.

Conreco is another Fucinaro Family enterprise. Started in 1992, we recycle broken concrete rubble into usable construction aggregates. Our recycle yard is centrally located at 40th and D in Omaha. Customers may drop off rubble for a modest dump fee, and purchase aggregates in several sizes and gradations. Application of our products include paving base course, drainage layers, pipe bedding, and rock roads or parking lots. Trucking and installation is also available. Check our attractive pricing.

Call us today at 402-733-4100.
