

Have you thought about belonging to an association that represents the best in Nebraska's commercial construction industry?

The AGC Nebraska Building Chapter is a leading association for the commercial construction industry. The Building Chapter represents 125+ of Nebraska's top ranked firms that operate locally, regionally, and nationally. Membership is limited to those firms that demonstrate the highest skill, integrity, and responsibility within the business community.

What AGC Nebraska Building Chapter does:

- Advocates on behalf of Members.
- Strengthens current and future workforce.
- Provides relevant benefits, services, and educational opportunities for Members.
- Strengthens the bond between General Contractors and Specialty Contractors.
- Positions and brands the membership as an entity of industry excellence.
- Maximizes membership growth and loyalty.
